EMPOWERING EDUCATION

Canon has efficient and flexible education solutions, making it easy for students and teachers to benefit from the latest technology in schools.
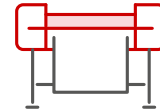

Learn more about Canon's award-winning education solutions

MULTIFUNCTION PRINTERS

Inspire your students with large and colourful visual aids produced by our award-winning multifunction printers. Not only can you output high quality prints, you also won't be compromised on cost or space. Choose from compact and low maintenance models for the classroom, or take advantage of ultra-fast, high-volume printers for busy medium to large spaces.

LARGE FORMAT PRINTERS

Our large format printers give your students the quality to bring their ideas to life, while removing the complexity traditionally associated with printing. They are simple to use and can print across an extensive range of media.
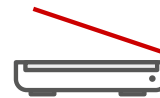

CLOUD-BASED PRINT MANAGEMENT SOFTWARE

Save time, increase productivity, and utilise efficient processes with our award-winning Cloud-Based Print Management Software solutions. Migrate away from on-premise servers to scalable solutions tailored to your school's needs, enabling you to focus on what's important - your students.

uniFLOW online

A secure public cloud-based management solution to manage your entire print and scan environment.

PaperCut

Manage and enable printing that just works on every platform, for schools with multiple fleets.

DOCUMENT SCANNERS

Transform your internal processes, making it easy to share, archive and secure documents and records. Going paperless is an attractive venture for many schools to cut costs, increase productivity, and improve access to information. Digitising your documents reduces the amount of paper circulated throughout your school, promoting an eco-friendlier environment.

As a valued member of ASCA, get exclusive quotes and access to Canon's flexible finance options to help your school grow with fast, simple, and affordable financing.
