

What **savings** can Choice Energy find your business?

Free energy assessments

More than **80% of businesses are currently overpaying on their electricity & gas bills.**

Ensure you aren't overpaying for yours by receiving a complimentary assessment.

Solar & Storage Solutions

Generate your own power through commercial solar & cut your bills and secure funding to make the switch easier. **Gain a free solar feasibility assessment** to determine if you're eligible for solar.

Monitoring, Reporting, and Network Tariffs

We ensure bills are accurate and challenge them when they're not. Currently, **1 in 5 energy bills we validate is incorrectly charged** — often in the business's favour.

Who is Choice Energy?

Choice Energy is an Australian-owned and operated energy firm based in VIC and QLD. We advocate for a predictable, fair, and low-cost energy future. In 2025 alone, we helped 2,700 businesses save \$18 million on their energy costs.

How does it work?

- Find a copy of your **most recent energy bill** and send it to us.
- One of our energy experts will contact you **within 48 hours** to let you know how you can save on your energy bill.
