

SIMON Core Modules

"An evolving platform for Schools"

-  In 2025 SIMON will start the rollout of a comprehensive suite of core tools for your school. The platform is being enhanced to feature a school administration system, designed to seamlessly integrate with the existing SIMON modules your school currently uses.
-  The platform will also provide integration with best of breed solutions for Data Analytics, Finance, Payroll and Staff Onboarding processes

Introducing "Nexus Workflows". The Heart of School Connectivity
